Monroe County ("Subscriber") requests BellSouth Telecommunications, Inc. ("Company") to provide the following Service at Subscriber locations as detailed in the Service Attachment. The Service included in this Agreement is:

MegaLink Channel Service

The Company will provide the requested Service under the terms and conditions stipulated in the governing tariff. Tariff references providing the basis for this Agreement are detailed in the Service Attachment. Important tariff provisions relating to the requested Service include, but are not limited to:

1. The Company will furnish, install, maintain, and provide maintenance of the Service in accordance with the Company's lawfully filed tariffs. The service period shall begin on the date Service is installed and billing begins ("Service Period"), unless specified otherwise in the tariff.
2. The Subscriber agrees to pay the Company for the provision of the Service based on the selected length of term described in the tariff. This monthly rate will continue for the elected Service Period and will not be subject to Company initiated change during this period.
3. The Service Period, monthly recurring charges, and non-recurring charges for this Agreement are detailed in the Service Attachment.
4. In the event the Service is terminated prior to the expiration of the Service Period, the Subscriber shall pay Termination or Cancellation Charges as specified in the tariff. The appropriate tariff sections shall govern moves of service, upgrades to a higher level of service, and changes in jurisdiction.
5. The Service Attachment describes the quantity of Service the Subscriber has ordered. Should the Subscriber desire to add or change Service, the Company agrees to do so under the terms and conditions of the tariff and the Subscriber agrees pay any additional charges resulting from the change or addition.
6. In the event the Service requested by the Subscriber is cancelled prior to establishment of Service, but after the date of ordering reflected herein, the Subscriber is required to reimburse the Company for all expenses incurred in handling the request before the notice of cancellation is received. Such charges will not exceed the sum of all charges that would apply if the work involved in complying with the request had been completed.
7. The Subscriber agrees to pay any added costs incurred by the Company due to Subscriber initiated change in the location of the requested Service prior to the time the Service is installed.
8. At the expiration of the Service Period, the Subscriber may continue the Service according to renewal options provided in the tariff.
9. Service Periods may also be renewed prior to expiration in accordance with regulations and rates then in effect.
10. If the Subscriber does not elect an additional Service Period, or does not request discontinuance of the Service, then the Service will continue at the monthly rate in effect for month-to-month rates at the time the Service Period expires, or as specified in the tariff.

11. Suspension of Service is not permitted for the requested Service.
12. Service may be transferred to another Subscriber at the same location upon prior written concurrence from the Company. The new subscriber to whom the Service is transferred will be subject to all tariff provisions and equipment configurations currently in effect for the present Subscriber.
13. Recognition of previous service may be given to the Subscriber who renews an existing Arrangement or converts from month-to-month billing, under circumstances detailed in the tariff. This Agreement period includes **24 months** for recognition of previous service.
14. Surcharges, such as end user common line, local number portability, federal universal service charge, etc., that may be included in an Agreement Attachment, are not affected by the Agreement's terms and conditions and are subject to change.

This Agreement is effective when executed by the Subscriber and accepted by the Company, and is subject to and controlled by the provisions of the Company's lawfully filed tariffs, including any changes therein as may be made from time to time.

A2. GENERAL REGULATIONS

(T)

A2.4 Payment Arrangements and Credit Allowances (Cont'd)**A2.4.8 Variable Term Payment**

(M)(T)

- A. In the event that all or any part of the service is disconnected at the customer's request prior to the expiration of any selected payment period of greater than one month's duration, the customer will be required to pay the applicable termination charge as stated in the Access Service Tariff, the Private Line Service Tariff and this Tariff. The tariff provisions concerning termination liability shall be inapplicable to any state, county, or municipal governmental entity when there is in effect, as a result of action by such entity and through a duly constituted legislative, administrative, or executive body:

(M)

1. a statute;
2. an ordinance;
3. a policy directive; or
4. a constitutional provision

(M)

(M)

(M)

(M)

(M)

which restricts or prohibits an additional contractual payment for early termination of a contract by any such entity, or agency thereof, due to an unavailability of funding. When service is being provided and funding to the governmental entity for such service becomes unavailable, the governmental entity may cancel the service without additional payment obligation.

Absent any official statute, ordinance, policy directive, or constitutional provision, the customer shall be responsible for the termination charges.

Nonrecurring charges from Section A4. of this Tariff and from the specific tariff section for the contracted service, associated with the establishment of the contracted service that has been deferred over the life of the payment plan, shall be due immediately and in full at the time of disconnect of the service in accordance with the tariff for the affected service.

A2.4.9 Reserved for Future Use**A2.4.10 Payment Plans for Contract Services****A. General**

1. The regulations specified herein are applicable to specific services as indicated in each service's respective section of this Tariff.

2. Services furnished under the Payment Plans for Contract Services (PPCS) are subject to all general regulations applicable to the provision of service by the Company as stated elsewhere in this Tariff except as noted herein.

3. The PPCS are payment plans which allow customers to pay fixed or variable rates for services provided over variable contractual payment periods. A specific monthly rate applies for the duration of each period.

Payment periods for services provided under PPCS will be described in the services' specific tariff section. The following is an example of payment periods offered.

- a. Payment Plan A - payment periods may be selected from 24 months to 48 months in length.
- b. Payment Plan B - payment periods may be selected from 49 months to 72 months in length.
- c. Payment Plan C - payment periods may be selected from 73 months to 96 months in length.
4. When the customer extends service beyond the longest service period offered, then rates for the longest available service period will apply.
5. When the customer orders service to be provided under a PPCS arrangement, the customer must designate to the Company the payment plan and the service period desired, e.g. Payment Plan B and sixty months.

B. Application of Rates and Charges

1. Rates stabilized under a PPCS arrangement are exempt from Company-initiated increases, however, decreases for any rate element will automatically flow through to the customer. Effective with this Tariff, customers under a PPCS arrangement will be billed the lower of their existing PPCS rates or the current PPCS rates for their service arrangement.
2. When customers renew or change the length of their payment period, the rates applicable for the new period are those currently in effect at the time of the renewal or change in the length of the payment period. A service charge will not be applicable for such renewals or changes to the payment period.
